Product description

Clamps are an indispensable tool for any DIY enthusiast. They are highly versatile and can be used for a wide range of applications. Whether you want to secure a canopy on your patio, set up your stall at the market, or glue two planks together, these clamps provide a secure and sturdy attachment. With a clamping capacity of 25 mm, these clamps are perfect for securing sails, fabrics, and other materials you need for DIY projects or other tasks. This set includes 6 pieces, ensuring you always have enough clamps on hand.

- + High clamping force: The powerful tension springs provide a strong grip, allowing you to use the clamps for a variety of tasks.
- + Instant closure: These clamps offer immediate closure, saving you time without sacrificing accuracy.
- + Durability: These clamps are made with high-quality materials like nylon and fiberglass, ensuring a long lifespan.
- + Ergonomic design: The ergonomic legs provide a comfortable and secure grip, giving you easy control over your workpieces.
- + Versatile applications: Ideal for various applications, from woodworking to metalworking, and perfect for holding freshly glued surfaces together.
